Reorganization: Imperatives & Opportunities

Cheryl D. Young, Assistant Provost

MIAMI UNIVERSITY

{ *Comprehensive Internationalization* }

Comprehensive internationalization is a strategic, coordinated process that seeks to align and integrate international policies, programs, and initiatives... positioning colleges and universities as more globally orientated and internationally connected.

Comprehensive Internationalization

{*Global Initiatives*}

- Intentionally fosters university engagement internationally, resulting in diverse cultural and global learning experiences.
- Creates a more cohesive and streamlined organization of international programs, student, and faculty support.
- Increases visibility of international efforts on campus, providing more effective promotion and delivery of services.
- Works in collaboration to strengthen efforts among internationally-focused efforts.
- Centralizes collection and assessment of data, and provides support and guidance in development of partnership agreements.
- Promotes Miami University's global standing.

Successful comprehensive internationalization requires an organizational culture that gives it strength, purpose, adaptability, and sustainability.

{ *Comprehensive Internationalization* }

*Comprehensive internationalization is a **commitment, confirmed through action**, to infuse international and comparative perspectives through the **teaching, research, and service** mission of higher education. It shapes institutional ethos and values, and **touches the entire higher education enterprise**. It is essential that it be embraced by institutional leadership, governance, faculty, students, and all academic and support units. It is an **institutional imperative**, not just a desirable possibility*
