

# Take the First Step in Building Experiential Major Maps

Major Map Overview and Implementation Process

**We help schools  
support students  
from enrollment to  
graduation and beyond**

➤ **ROOTED IN RESEARCH**

**7,500+** Peer-tested  
best practices

**500+** Enrollment innovations  
tested annually

➤ **ADVANTAGE OF SCALE**

**1,500+** Institutions  
served

**4 M+** Students supported  
by our SSMS

➤ **WE DELIVER RESULTS**

**95%** Of our partners continue  
with us year after year,  
reflecting the goals we  
**achieve together**

➤ Find and enroll your  
right-fit students

➤ Support and graduate  
more students

➤ Prepare your institution  
for the future

# Beyond a Purely Academic Degree Plan

4

## How to Build an Experiential Major Map

### Four Key Elements for Designing Experiential Major Maps

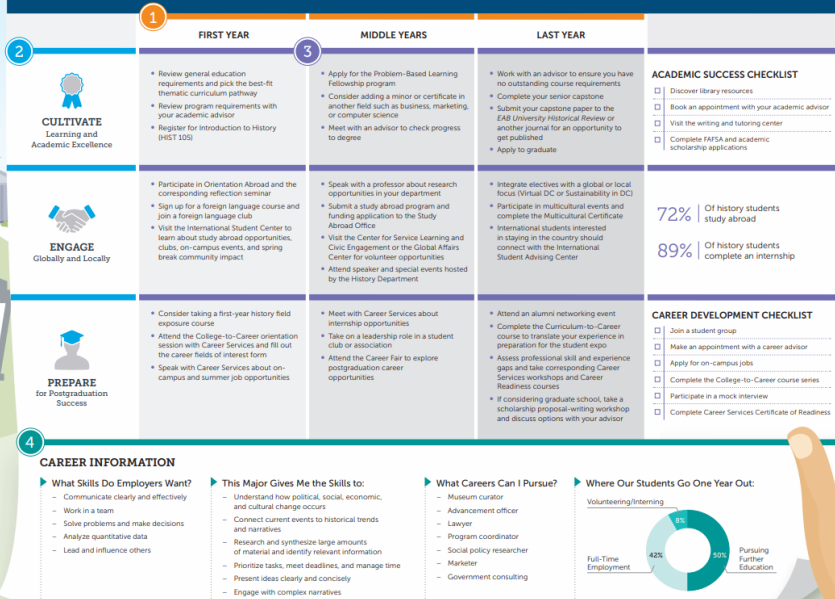

- 1 Road Map for Timing of Student Activity
- 2 Key Pillars of the Student Experience
- 3 Academic, Cocurricular, and Support Services Info
- 4 Career Outcomes Information

Students often struggle to navigate and connect institutions' siloed, disparate academic and cocurricular opportunities. Faculty, academic leaders, and student services leaders can guide students in their decision-making by clearly articulating how academic and nonacademic opportunities fit together. To enable this articulation, leading institutions provide experiential major maps that help students make informed coursework decisions, encourage integration of complementary experiences, and drive engagement at opportune moments on their pathways to degree.

Look to the example at right to learn how each element is used in map design.

# Experiential Major Map Implementation Timeline

Plan the Map Process from Initial Decisions through to Completion

## Milestones:

- Implementation team plans map process
- Project staff create draft maps

## Milestones:

- Designer creates final map template
- Departments provide academic information
- Departments sign off on content

## Milestones:

- Team completes final maps
- Committee develops an update plan

# Phase 1: Plan and Prepare

## Create Implementation Plan and Begin Drafting Experiential Major Maps

### Make Initial Planning Decisions

#### Set the Strategic Vision for Major Maps

*Month 1*

- Set an implementation leader and steering committee
- Decide the intended audience(s) for major maps
- Determine the experience categories
- Announce the project
- Create a detailed implementation timeline

#### Who Is Involved

- Implementation Leader
- Steering Committee
- Project Champion, *e.g. Provost*

### Create Draft Templates

#### Create Map Drafts

*Months 2-3*

- Gather information from easily available sources
- Determine sequence of recommended career development steps
- Use the major map template to create draft versions of each major's map

#### Who Is Involved

- Implementation Leader
- Project Staff

# Phase 2: Design and Build

## Confirm Content and Finalize Design for Experiential Major Maps

### Seek Departmental Feedback

#### Collect Information from Campus Units

*Months 4-7*

- Contact academic and non-academic units for information
- Send draft maps to campus units and request that they add relevant experiences or edit
- Alternatively, ask faculty and staff in relevant campus units to draft content for maps
- Populate the maps as faculty and staff return information

#### Who Is Involved

- Implementation Leader
- Project Staff
- Department Chairs
- Campus Leaders

### Design Major Maps

#### Customize Major Map Design

*Months 4-7*

- Graphic designer creates a major map
- Meet with student focus groups to ensure their needs and opinions are captured in the design and content
- Seek feedback from popular employers

#### Who Is Involved

- Implementation Leader
- Steering Committee
- Graphic Designer

# Phase 3: Implement and Evaluate

## Release Major Maps and Plan for Future Updates

### Finalize Maps

#### **Edit Major Maps for Polish and Consistency**

*Month 8*

- Complete a final edit
- Seek feedback on accessibility from Disability Services, Office of Diversity and Inclusion, and similar campus offices
- Seek final signoff from academic departments

#### **Who Is Involved**

- Implementation Leader
- Campus Leaders
- Project Staff

### Distribute and Assess

#### **Introduce Maps to Campus and Create Sustainability Plan**

*Months 8 and 9*

- Announce the maps to campus, including instructions on how faculty and staff should use them
- Provide students with both electronic and paper maps
- Create a system for collecting and implementing yearly edits from departments
- Design a major map assessment plan

#### **Who Is Involved**

- Implementation Leader
- Steering Committee
- Project Staff

# Experiential Major Map Roles and Responsibilities

10

## Who Needs Input on Major Maps

### Implementation Leader

- Oversee project management
- Facilitate steering committee meetings
- Set timeline and key milestones
- Liaise between all involved campus units
- *Etc.*

### Provost

*Champions project; sets strategic vision and goals*

### Steering Committee

*Meets regularly to advise on high-level decisions*

### Faculty and Staff

*Provide content for maps and review final drafts*

### Student Focus Groups

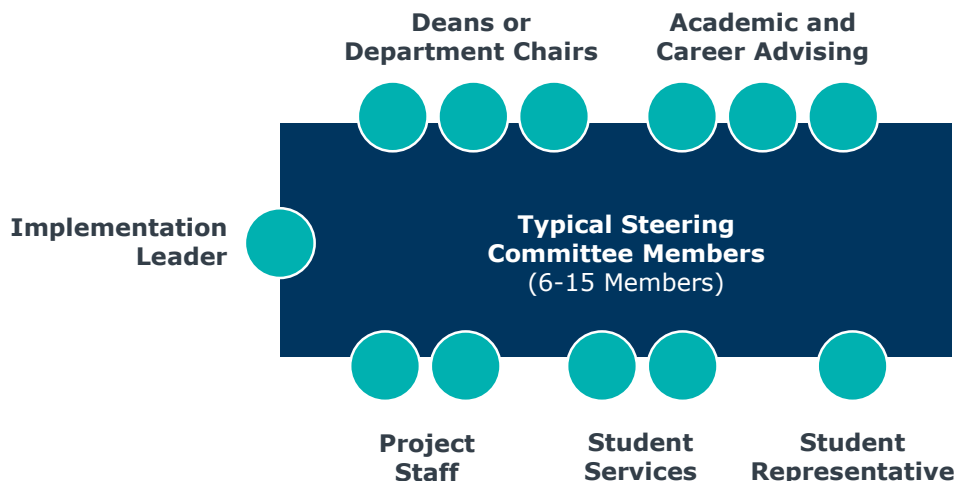

*Provide student perspective on usability and relevance*

For a more extensive list of roles and responsibilities, see the Experiential Major Map Workbook.

# Who Should Be on the Steering Committee

Diverse Steering Committee Secures Buy-In from Across Campus

## Steering Committee Responsibilities

- Meets monthly during the map design process
- Advises on high level design and organization decisions
- Ensures maps are relevant to multiple campus interests

# Explore the Experiential Major Map Workbook

A How-To Guide for Designing and Deploying Experiential Major Maps

## Major Map Overview

## Roles and Responsibilities

## Implementation Timeline

## 8 Tools for Developing Experiential Major Maps

- 1 Map Template
- 2 Provost Communication Template
- 3 Map Inclusion Guidelines
- 4 Student Worker Position Description
- 5 Focus Group Discussion Guide
- 6 Employer Feedback Guide
- 7 Annual Review Form
- 8 Compendium of Major Maps

# What's Next for the Collaborative?

13

## Webconference #2

## Virtual Working Sessions

## Webconference #3

February 25<sup>th</sup>, 2020

### Collecting information from academic units

Implementation leader and support staff collect information from campus units to include in maps

March - April 2020

### Networking with peers

Implementation leader addresses challenges on map development

July 14, 2020

### Finalizing and Distributing Maps

Implementation leaders work with campus communication offices and graphic designers to layout maps

#### Before the session...

- Convene steering committee
- Discuss major map goals and vision
- Identify high-level themes and map language
- Participate in the discussion board
- Create a major map workplan and send to EAB

#### Before the session...

- Collect information from easily-available sources
- Gather information from campus units
- Fill out draft maps in template
- Resolve campus questions about major maps
- Participate in the discussion board

#### Before the session...

- Seek sign off on all map content
- Meet with graphic designer to develop final map design
- Meet with communications staff to develop release plan
- Participate in the discussion board

# Q&A

## Ask the Experts

**Angela DeRocini**  
*Project Manager for  
Strategic Initiatives*  
**Rutgers University,  
Camden**

**Jerry South**  
*Assistant Director of  
Career Coaching*  
**North Dakota State  
University**
