# Coronavirus Outbreak's Impacts on Employer Demand

### A Job Postings Analysis and Discussion Guide

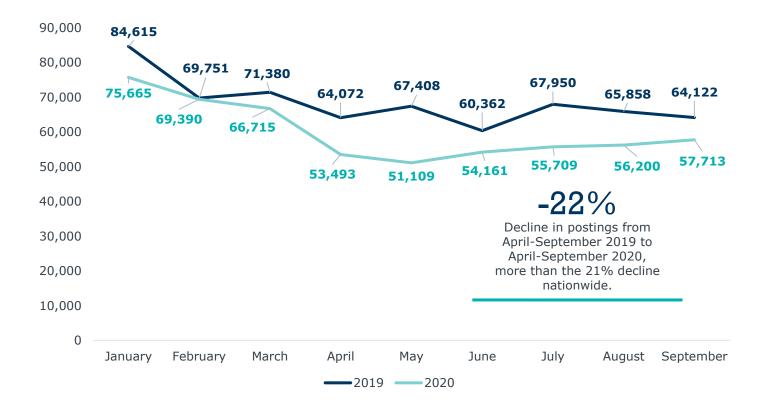

Created October 2020

## Market-Responsive Program Development amid Ongoing Volatility

As the novel coronavirus entered and spread across the globe in early 2020, stay-at-home orders immobilized economic activity. Hiring freezes, furloughs, and layoffs defined the summer months. EAB has continued to monitor regional labor market data to inform your program planning conversations. Use these analyses and the included discussion questions to consider how to adapt your portfolio for COVID-19 and the pandemic economic recovery.

#### **Changes in Job Postings Volume**

Central Canada Regional Data, January-September 2019 and January-September 2020

- How did our regional economy react to the coronavirus outbreak across April through September? Has our regional public health and economic response been consistent, or have we experienced improvements and declines throughout?
- How do our recent job posting trends contrast to this time last year? To what extent do we see this reflected in our students' behaviors?

Central Canada includes Ontario and Quebec. This analysis considers all job postings requiring a postsecondary credential.

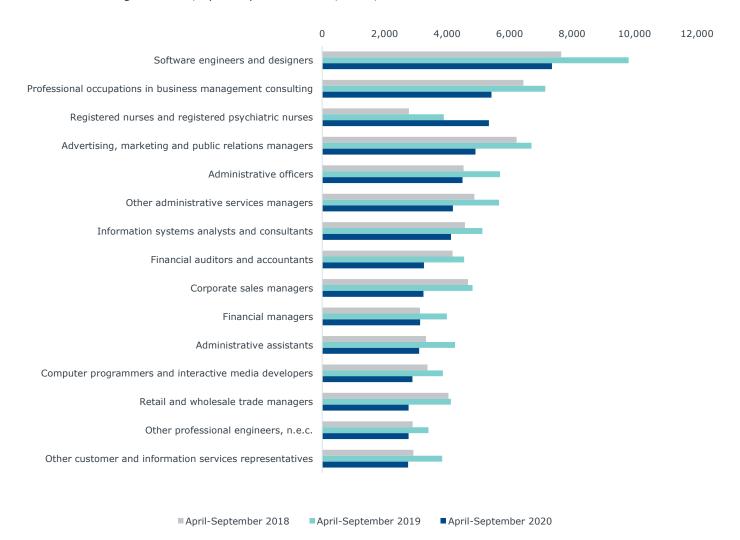

## Changes in Top Occupations Advertised Regionally in 2018, 2019, and 2020

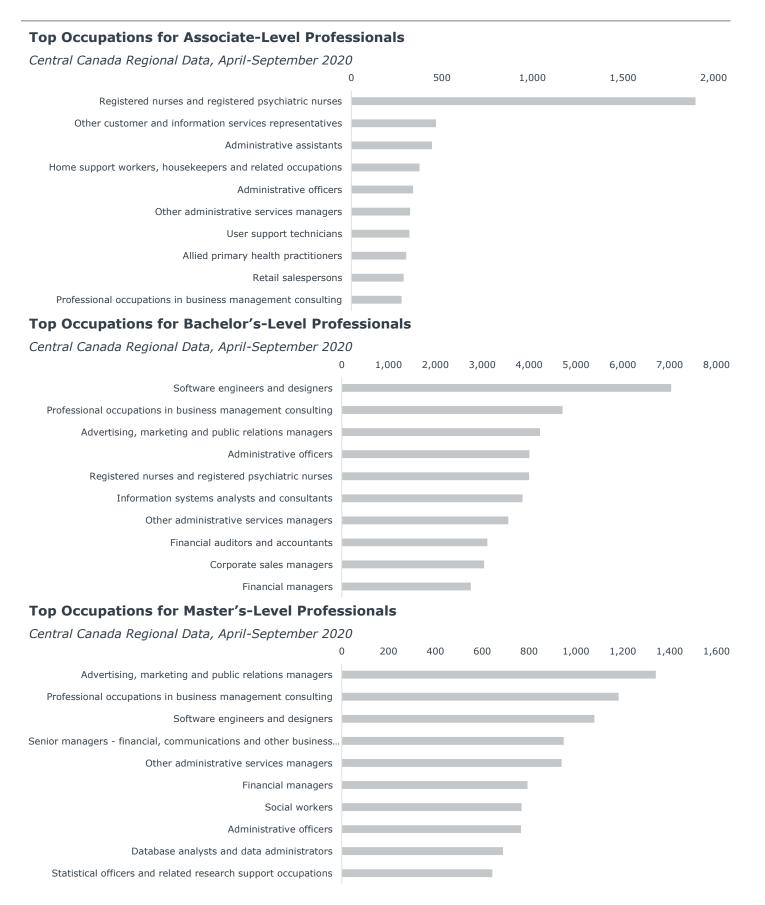

#### **Questions for Initial Discussion**

- Which roles, if any, experienced increased demand in 2020 relative to 2019 and 2018? To what extent would
  past trends encourage us to anticipate a sustained increase? Or, do we anticipate the increase was driven by
  the outbreak and may decline once short-term needs are met?
  - Do we offer programs to prepare students for in-demand roles?
- Which roles experienced decreased demand in 2020 relative to 2019 and 2018? Would industry projections as we recover from the coronavirus outbreak suggest future growth or continued decline for these roles?
  - Should we temper expectations for relevant program enrollment?
  - Is it likely these roles also suffered layoffs across recent months? Do we likely have alumni or community members who need re-training for reemployment?

#### **Top Occupations**

Central Canada Regional Data, April-September 2018, 2019, 2020

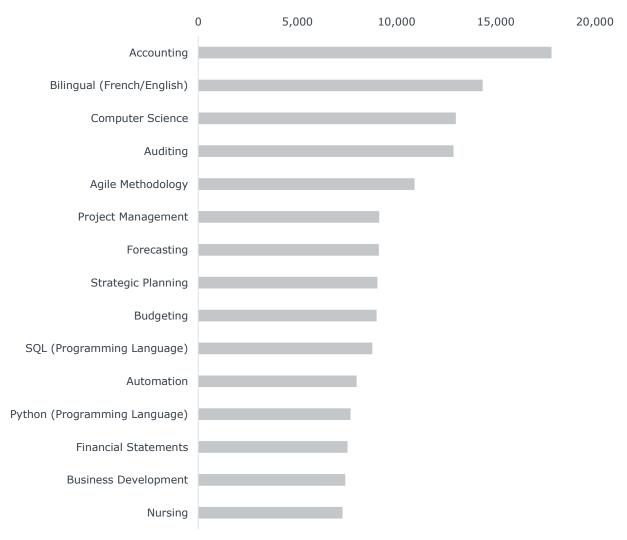

# Top Skills Sought Regionally after the Coronavirus Outbreak

#### **Top Skills Sought**

Central Canada Regional Data, April-September 2020

- Which skills are in greatest demand as the coronavirus outbreak continues? Do we expect these trends to hold?
- Are we teaching in-demand skills? Can prospective students easily identify which programs teach these skills? Do employers recognize which of our programs develop these in-demand skills?

# Changes in Skills Sought Regionally Before and During the Coronavirus Outbreak

#### **Skills with Highest Relative Growth**

Central Canada Regional Data, April-September 2020 Relative to April-September 2019

| Skill                                  | Number of Job<br>Postings, April-<br>September 2019 | Proportion of All<br>Job Postings,<br>April-September<br>2019 | Number of Job<br>Postings, April-<br>September 2020 | Proportion of All<br>Job Postings,<br>April-September<br>2020 | Percentage Point<br>Growth |
|--|---|---|---|---|----------------------------|
| Automation                             | 9,347   | 5.05%   | 7,989   | 5.52%   | 3.32%                      |
| Secondary<br>Education                 | 6,477   | 3.50%   | 4,572   | 3.16%   | 2.41%                      |
| Auditing                               | 16,626  | 8.98%   | 12,882  | 8.91%   | 2.31%                      |

| Risk<br>Management                     | 7,346   | 3.97%   | 6,600   | 4.56%   | 2.02%                      |
| Forecasting                            | 12,112  | 6.54%   | 9,108   | 6.30%   | 1.92%                      |
| Customer<br>Relationship<br>Management | 9,335   | 5.04%   | 6,585   | 4.55%   | 1.82%                      |
| Project<br>Management                  | 11,573  | 6.25%   | 9,129   | 6.31%   | 1.77%                      |
| Java<br>(Programming<br>Language)      | 8,962   | 4.84%   | 6,732   | 4.65%   | 1.67%                      |
| Software<br>Engineering                | 6,952   | 3.75%   | 5,184   | 3.58%   | 1.60%                      |
| Budgeting                              | 11,326  | 6.12%   | 8,999   | 6.22%   | 1.47%                      |
| Strategic<br>Planning                  | 11,355  | 6.13%   | 9,040   | 6.25%   | 1.39%                      |
| <b>Business Process</b>                | 6,894   | 3.72%   | 5,497   | 3.80%   | 1.24%                      |
| Accounting                             | 25,016  | 13.51%  | 17,817  | 12.32%  | 1.04%                      |
| Python<br>(Programming<br>Language)    | 8,766   | 4.73%   | 7,684   | 5.31%   | 0.98%                      |

- To what extent do we anticipate demand for these emerging skills to continue growing, or to sustain at these higher levels, in the future?
- Are we teaching emerging skills that experienced significant growth compared to demand earlier this year? If so, have we experienced increased interest/applications/enrollments in relevant programs? If not, how can we better communicate to prospective students that these offerings instill emerging skills?

# Industries' Employer Demand Before and During the Coronavirus Outbreak

#### **Job Postings by Industry**

Central Canada Regional Data, April-September 2020 Relative to April-September 2019

| Industry  | Number of<br>Job Postings,<br>April-<br>September<br>2019 | Proportion of All<br>Job Postings,<br>April-<br>September<br>2019 | Number of<br>Job<br>Postings,<br>April-<br>September<br>2020 | Proportion of<br>All Job<br>Postings, April-<br>September<br>2020 | Percentage<br>Point Change |
|---|---|---|--|---|----------------------------|
| Professional, Scientific, and Technical Services                                  | 95,621  | 18.12%  | 79,548   | 17.94%  | 15.57%                     |
| Health Care and Social<br>Assistance  | 78,334  | 14.84%  | 66,684   | 15.04%  | 15.57%                     |

| Mining, Quarrying, and Oil and Gas Extraction                                     | 379   | 0.07%   | 342  | 0.08%   | 4.54%                      |

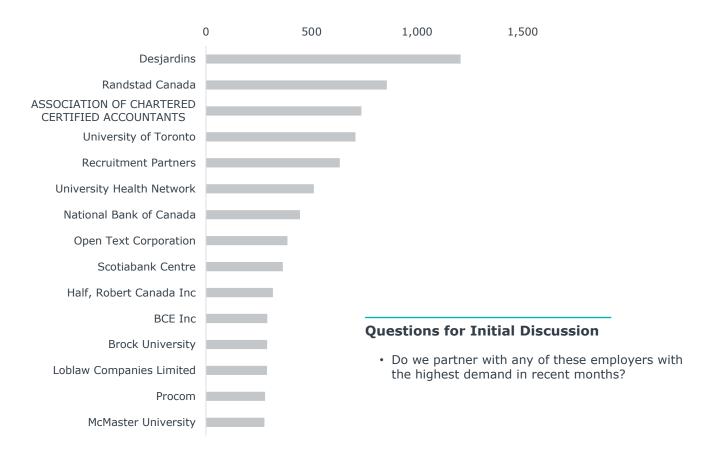

- · How did our local industry demand shift during the coronavirus outbreak?
- Which industries suffered the most, as demonstrated by the greatest decline in job postings?
- To what extent do we suspect alumni already employed in hard-hit fields may lose their employment and need re-training to secure available jobs?
